#### LEADERSHIP AND MANAGEMENT EXPERIENCE (selection)

---

UNIVERSITY OF CAMBRIDGE, DEPARTMENT OF LAND ECONOMY

- **Founder and first Director, Cambridge Centre for Environment, Energy and Natural Resources Governance (C-EENRG)** within three years (October 2014 to September 2017), I drove and oversaw the transformation of C-EENRG from a paper proposal into a centre with over 50 fellows and researchers, with its own dedicated space, a large portfolio of research projects, a thriving series of lectures, seminars and conferences, a working papers and reports series, etc., which is now the epicentre of environment, energy and natural resource law and policy in Cambridge and a global player in the field.
- **Research Excellence Framework (REF) 2021, co-coordinator:** in charge of the development of impact case-studies and the environment statement. The Department came on top of the REF2021 (one of only 4 other units of assessment where Cambridge came on top. Its performance was well above Cambridge's university-wide 62% average of world leading four-starred research, with 67% of our research in the last 7 years deemed world leading. In addition, it is research with real-life impact, with over 87% of our impact case-studies rated four stars).
- **Head of Research:** from 2015 to 2017, I served as Head of Research, overseeing the research strategy and operations relating to a portfolio of projects of several million pounds.
- **Head of the PhD Programme:** between 2018 and 2022, I served as director of the PhD Programme, which has a volume of approximately 50-70 students per year.

LIBERA UNIVERSITA INTERNAZIONALE DEGLI STUDI SOCIALI (LUISS)

- **Project leader for the establishment of a Rome Institute of Advanced Studies on Global Systemic Risks:** responding to a request to set up an interdisciplinary centre in Rome, I launched the process towards the establishment of a Rome IAS-GSR, which is planned for 2023-2025.

#### UNECE/WHO-EUROPE PROTOCOL ON WATER AND HEALTH

- **Chairman of the Compliance Committee:** in October 2016, on the proposal of Switzerland, the Meeting of the Parties of the London Protocol on Water and Health elected me as a member of the Compliance Committee. In March 2017, the other members of the Committee elected me as Chairman for 2017-2020 triennium, then again for the 2020-2023 triennium. In this capacity, I have led a number of new initiatives, including collaboration with other committees in the field of human rights, the process towards the accession of the EU to the Protocol, consultation processes offered to three EU countries as well as the Russian Federation, and the development of a range of materials and awareness-raising events relating to the rights to water and sanitation.

#### LATIN-AMERICAN SOCIETY OF INTERNATIONAL LAW

- **Director-General:** In 2007, I co-founded and served as the first Executive Director of the Latin-American Society of International Law ([www.lasil.org](http://www.lasil.org)). I held this position until 2012. Then, in 2016, after a four-year break, I was elected Director-General. In both capacities, I oversaw the transformation of LASIL from an initial project into the leading regional international law association.

#### THE GRADUATE INSTITUTE OF INTERNATIONAL AND DEVELOPMENT STUDIES, GENEVA

- **Co-founder, Center for International Environmental Studies (CIES):** in 2010, together with professors T. Swanson (Economics) and L. Andonova (Political science), I co-founded CIES to advance the study of global environmental problems at the Institute. I thereafter directed the Programme on Environmental Governance, until I moved to Cambridge.
- **Founder and first director, LL.M. in International Law:** in 2012, after three years of preparations, I led the creation of an LL.M. programme in international law, as part of the executive education portfolio of the Graduate Institute. The programme, which I directed for a year before moving to Cambridge, was profitable from the beginning and generated income to hire dedicated teaching staff. It currently generates approximately  $\frac{3}{4}$  of a million Swiss francs in annual revenue.

#### AMNESTY INTERNATIONAL, SWISS SECTION

- **Head of the Measuring Impunity Project:** between 2003 and 2005, I launched and developed a project involving 14 researchers to identify quantitative indicators of impunity and thereby assess the impact of Amnesty International's activities in this area of work.

#### POST-GRADUATE STUDENT SUPERVISION AND MENTORING

---

Since moving to Cambridge, I have supervised 22 doctoral students as principal supervisor, many others as second supervisor or advisor, and numerous (over 50) dissertations at the MPhil or LL.M. level. My post-graduate students have secured positions in academia, including in prestigious institutions in the UK (e.g. assistant professor in the LSE or King's College London) and abroad (e.g. assistant professor in Peking University), as well as in a range of practice areas, including private legal practice, government, international organisations, non-governmental organisations, etc.
